Process Development in the QbD Paradigm: Mechanistic Modeling of Antisolvent Crystallization for Production of Pharmaceuticals

Milan Roy

Co-founder at Edvicer | IIT Delhi
New Delhi

Summary

A budding entrepreneur!

Experience

Edvicer

Co-Founder

October 2018 - Present (1 year 11 months)

New Delhi Area, India

Edvicer is an ed-tech startup that aggregates, compares & recommends online courses offered by all major platforms.

Indian Institute of Technology, Delhi

Teaching Assistant

July 2018 - December 2018 (6 months)

New Delhi Area, India

-Assisted 126 undergraduate students in the course Numerical Methods for Chemical Engineering.

-Led a team of 8 to conduct weekly tutorial sessions and evaluate their programming assignments.

SUN PHARMA

Intern

May 2017 - July 2017 (3 months)

Gurgaon, India

-Model designing and development for anti-solvent crystallization system using MATLAB software

-Model simulations for optimization of variables with experimental data (FBRM PAT used)

-Model validation with different experimental conditions

-Incorporated the dependence of crystal growth rate on crystal mean size..

-Model developed can predict mean crystal size, surface area and volume.

Indian Institute of Technology, Delhi

Training & Placement Cell Member

July 2016 - May 2017 (11 months)

New Delhi Area, India

- Led a team of 6 and successfully pitched 20+ companies to provide internship opportunities to students of chemical engineering department.
- Awarded the best Department Team 2016-17 by T&P Cell, IIT Delhi amongst all departments.

Indian Institute of Management, Lucknow

Intern

March 2017 - April 2017 (2 months)

Did a one month remote Marketing internship under Prof. Sameer Mathur of IIM Lucknow where I was introduced to several key concepts of marketing and improved my presentation skills.

Education

Indian Institute of Technology, Delhi

Bachelor of Technology (BTech) & Master of technology, Chemical Engineering · (2014 - 2019)

Vidyamandir Classes Pvt. Ltd

· (2012 - 2014)
