Priyanjit Ghosh

Our vision is to provide affordable AI to all Hyderabad

Summary

Priyanjit is the co-founder and business head of Codevector Labs, an Artificial Intelligence based product and services company that aims to help startups, SMEs and large enterprises implement AI in their workflow

He has also co-founded Logy.Al, an award winning Al platform to perform diagnosis of diseases, which is democratizing the way rapid clinical Al models are made

He also consults with government agencies to help strategize on Al projects

His key skills are in the areas of business development, marketing, strategy and AI consulting

Experience

Codevector Labs - Al solutions
Co-Founder
August 2019 - Present (1 year 1 month)
Hyderabad, Telangana, India

CodeVector provides Artificial Intelligence solutions and services to SMEs and technology startups. Since 2019, we have helped several companies right from startups at idea stage to fully funded startups with our hard work and dedication.

Logy.Al (Healthcare Al)
Co-Founder
May 2019 - Present (1 year 4 months)
Raipur, Chattisgarh, India

Artificial Intelligence in healthcare diagnostics sector. I have worked in associations with state governments of Chhattisgarh and Kerala for the early trials and implementation of our projects.

Tamil Nadu e-Governance Agency Al Consultant and Business Analyst August 2020 - Present (1 month)

Consulting for Tamil Nadu government.

100YoungMinds
Initiator
March 2019 - Present (1 year 6 months)
India

I started the 100YM initiative to create a community of young student entrepreneurs who believes in peer-based learning.

There are no mentors in this community. Only passionate young people who wants to build something but not exactly sure how to go about the journey or where to start.

Education

Indian Institute of Management Raipur PGDM, Marketing · (2017 - 2019)
