Summary

Failure & Success are the two events of your life, when we fail we work with EDA(Exploratory Data Analysis),Feature Engineering & Success is also not permanent at all because we have to optimize our ML model for the right fit.
Can relate your life with 'Data Science' & do have conversation with me to make your model right fit to move ahead.

Experience

Dataebook
Creator
May 2020 - Present (4 months)
Bengaluru, Karnataka, India

Customized Your Learning With Experience.
We strongly believe that "Data Science Is Not Everyone Cup Of Tea".
Here is some of the outline::

1) Every month at least 4-ebook on different concepts with Q & A format.

2) 4 session on Kaggle every month to explore for different way of learning.

3) 4 session from industry experts every month on different topics based on audience preference.

4) 4 session about Research paper,how to read,write & publish.

5) Every week interview questions mini-book in the form of Q & A

6)Every Month at least 2 End-to End project by applying all essential topics & learn while you experience.

Grow90
Data Science Mentor
April 2020 - Present (5 months)

BeingDatum
6 months

Data Scientist
March 2020 - Present (6 months)

Freelance Technical Writer
March 2020 - Present (6 months)

Kaggle Days
Contributer(Data Science)
September 2019 - Present (1 year)
Bangalore

Kaggle
kaggle Competitor
2018 - Present (2 years)
Bangalore

Great platform to learn,grow and test your skills.

Board Infinity
4 months

Mentor(Data Science)
December 2019 - March 2020 (4 months)

Mentored students on Machine Learning Projects with applied statistics.

Data Scientist
February 2020 - February 2020 (1 month)
Bengaluru, Karnataka, India

Vicube
Data Scientist
June 2019 - March 2020 (10 months)
Bangalore

GSAID
Data Scientist
January 2020 - February 2020 (2 months)

iNeuron.ai
Data Scientist

August 2019 - January 2020 (6 months)
bangalore

Rubixe
Data Scientist
January 2019 - July 2019 (7 months)
Bangalore

Worked with Different Machine Learning Approaches, Love to work with "Time Series Forecasting" to implement different Models.

https://www.machinehack.com/
HACKATHON ENTHUSIASTIC
April 2019 - May 2019 (2 months)
Bangalore

Top 10(6th Rank) in Restaurant Price Prediction and Top 35(34th Rank) in Flight Price Prediction.
An Great Platform to Deal with Real Time Challenges in Data Science.

KreditBee
ORM(Online Reputation Manager)
August 2018 - October 2018 (3 months)
Bangalore

It was great experience where i use to manage all social platform for Kreditbee and Krazybee.

KrazyBee
Campus Manager
September 2016 - May 2018 (1 year 9 months)
Bangalore

Different experience,get an chance to work with CMO of krazybee where i learnt a lot and one of the top Campus Ambassador.

Internshala
ISP 9.0
January 2017 - April 2017 (4 months)
Bangalore

It was great experience to work for the awareness of the latest trend on technologies as well as internship.
